

# Browse, then tell us what you love.

Now that we're connected, take a few minutes to look through the upgrades and options below. There's no need to decide on everything right now. Just note what catches your eye and let us know, and we'll factor your selections into your design from the very first draft. Every option is built in during construction rather than added afterward, so planning up front means cleaner finishes and a result that looks intentional. Not sure yet? We'll walk through it all together before anything is finalized.

## HEADBOARD DEPTH

### Choose your headboard.

#### INCLUDED

##### Standard 16"

\$0

Angled headboard included with all standard builds. Clean, minimal, and practical.

#### MOST POPULAR

##### Mid Depth 18"

\$275

Integrated fixed shelf inside the bed frame, perfect for a phone or drink. Includes a 2" grommet with built-in power outlet and USB-C charging ports.

#### PREMIUM

##### Ultra Deep 20"

\$400

Flip-up top storage for pillows and blankets. Shaker-trimmed front with soft-close hinges. The most functional headboard option we offer.

#### NEW

##### Sliding Headboard

\$250

A secondary headboard that pulls forward and locks into place, closing the gap behind your mattress so pillows stop slipping through. Releases back to clear the mechanism when the bed folds up. Available on the Standard 16" and Mid Depth 18" headboards only.

---

## PREMIUM UPGRADES

### Built-in features, not afterthoughts.

#### Interior Bed Lighting

\$150

Three warm LED lights in the upper bed cabinet, remote controlled with dimming and a sleep timer. Add \$95 if upper cabinets are ordered alongside the main bed.

#### Custom Paint Selection

\$350

White is our standard finish, but you're not limited to it. Choose any active color with an available chip, matched through Benjamin Moore and sprayed across the entire unit.

#### Custom Front Profile

\$150+

Velar is our default: clean, modern, and versatile. For something more distinctive, our signature profiles run from Shaker and Craftsman to Crestview and Enfield.

#### Folding Desk

\$475

A workspace up to 40" wide mounted to the front of the bed, with locking support legs for stability. Available on all vertical Twin, Full, and Queen sizes.

#### Stay-Level Desk

\$695

A pivoting desk that stays level as the bed raises and lowers, so anything under 8" tall can stay on the surface. No need to clear your workspace before folding up.

#### 13" Mattress Legs

\$175

Increases maximum mattress depth from 12" to 13" for a plusher feel, with the same sturdy support and sleek profile as the standard configuration.

#### Murphy Bed Lock

\$75+

A keyed lock that prevents accidental opening, useful in homes with young children or in rentals. Installs on either side and integrates cleanly alongside cabinetry.

---

## CABINETRY OPTIONS

### Built-ins that work harder.

#### Soft-Close Hardware

Concealed soft-close hinges and drawer slides that bring every door and drawer to a quiet, controlled stop. Priced per door or drawer.

\$20+ per  
door/drawer

#### Beadboard Backing

Finishes the exposed wall space above the headboard with a classic beadboard panel, so the area behind the bed looks built-in rather than bare. Pricing scales with size.

\$250+

#### COB Cabinet Lighting

Continuous COB LED strips that wash the inside of your cabinetry in even, shadow-free light. Ideal for display shelving and deep storage.

\$325+

#### Powered Grommets

A flush 2" grommet with a built-in power outlet and USB-C charging, placed wherever you need to keep devices charged and cords out of sight.

\$75 each

#### File Cabinet Conversion

Converts a standard drawer into a full-extension hanging file drawer for letter or legal folders. Add a keyed locking drawer for \$75 per drawer.

\$50 per drawer

#### Printer Sled

A pull-out sled sized for a printer, tucked inside the cabinetry and out of view until you need it. Add a powered grommet for cord management at \$125 total.

\$50

## HANDLE SELECTION

# Choose your hardware.

Every handle comes in two lengths, 7" and 12", and three finishes: brushed bronze, brushed nickel, and matte black. The length and finish you choose depend on the piece it lives on, and we'll help you match it during design. Pricing below is per handle.

### PREMIUM

#### Tapered Bar Pull

A sculpted, flat-profile bar that flares gently at the feet. The most architectural of the three, with a soft, refined silhouette.

7" \$30 / 12" \$60

#### Knurled Bar Pull

A cylindrical bar wrapped in a finely knurled grip with smooth turned end caps. Adds texture and a tactile, crafted feel.

7" \$15 / 12" \$30

### INCLUDED

#### T-Bar Pull

A slim round bar on two posts. Clean, minimal, and timeless. Included with every build in both lengths.

Included

Shown top to bottom: Tapered Bar, Knurled Bar, T-Bar. Finishes available as noted above.

Pricing shown reflects standard configurations and may vary based on bed size, cabinetry, and the specifics of your build. Tell us what you're envisioning and we'll put together a detailed quote, no commitment required.
